

# With You Through Life's Journey...

Veterans

Just as we were there day one for you and your children, we will be there for future generations as well.

From your first job to your last, your employer verifies your Social Security number with us to help reduce fraud and allow us to keep track of your earnings history to ensure you get the benefits you deserve. Keep track of your earnings record by creating a *my* Social Security account. [www.socialsecurity.gov/myaccount](http://www.socialsecurity.gov/myaccount)

If you legally change your name due to marriage, divorce, or any other reason, let us know so you can get an updated Social Security card — and so we can accurately keep track of your earnings. There's no charge for a Social Security card.

Social Security is here to help even if the unexpected happens. Wounded Warriors get expedited processing for disability benefits.

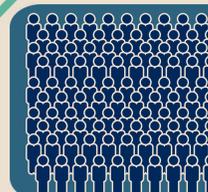

Approximately 612,000 military Veterans received disability insurance benefits in 2016.

The loss of a loved one can be both emotionally and financially difficult. Some widows, widowers, and children may receive survivors benefits to help them cope with the financial loss.

Securing today and tomorrow

When most people think of Social Security, they think of retirement benefits — with good reason.

About 8.3 million military Veterans age 65 or older received retirement benefits in 2016.

The two Social Security Trust Funds – Old-Age and Survivors Insurance (OASI) and Disability Insurance (DI) – will be able to pay all benefits in full and on time until 2035. Even if legislative changes are not made before 2035, we'll still be able to pay 80 percent of each benefit due. Social Security is with you through life's journey, securing today and tomorrow.
